

# CELEBRATE GIVING

## You make good happen

—spring 2019—

*Why I give:*

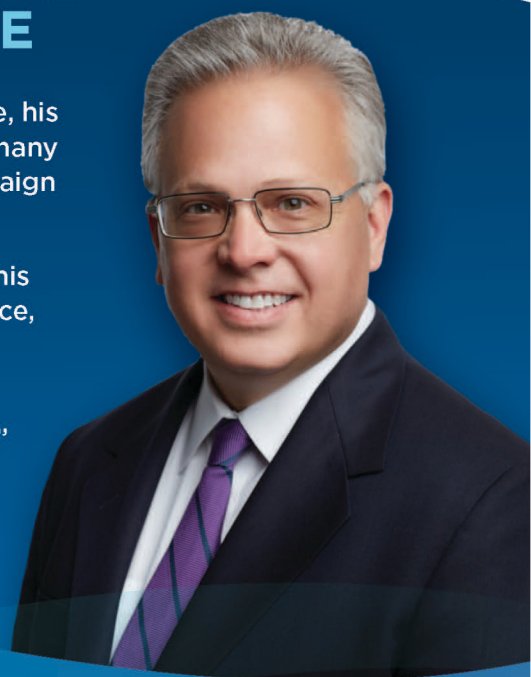

### TO ENSURE OUR COMMUNITY HAS THE BEST HEALTH CARE CLOSE TO HOME

For Glenn Denton, supporting Mercy Health—Lourdes is a family priority. He, his wife, and his parents have volunteered, served on boards and donated for many years. But nothing inspired Glenn to make a difference more than the campaign for the Ray and Kay Eckstein Hospice Care Center at Mercy Health.

"I was a little embarrassed for our community that we didn't already have this service available," Glenn said. "I didn't have personal experience with hospice, but I heard so many moving stories of people who did."

"I was totally convinced to help with this worthwhile cause," he shared. "It became one of the greatest fundraising campaigns I've ever been a part of."

After seeing how his giving and his help with fundraising directly impacted the community, Glenn has gotten more involved with the Mercy Health Foundation. As the new board chair, he is excited to inspire people to give to other impactful projects at Mercy Health—Lourdes.
